### BIO

Jean Haner, the author of *The Wisdom of Your Face* and *The Wisdom of Your Child's Face*, teaches compassionate and affirming ways for people to understand their true nature and to look with love at everyone in their lives, including that reflection in the mirror. With her 30 year background in ancient Chinese principles of balance and health, Jean is well known for providing fun, fascinating and practical information that can be put to immediate use in your life.

Jean first learned face reading from her very traditional Chinese mother-in-law. It wasn't until years later that she discovered how tolerant her mother-in-law had been; since Jean had no "moneybags" on her face, she wasn't considered to be a lucky match for her husband!

She went on to study the deeper foundations of face reading with many teachers over the years, and learned that it has nothing to do with luck and everything to do with learning to be true to your nature.

Chinese face reading is a branch of Chinese medicine, which teaches that you were born with a unique blueprint that is yours and yours alone, and that this inner architecture is reflected in your outer design – the features of your face.

Jean will do demonstrations with audience volunteers, always a fun and fascinating experience!
